## PHASE ONE: DESIGN

Our journey commences with a bespoke consultation, laying the groundwork for each project. Upon proposal approval, we formalize contracts, settle retainers, and execute assignments with meticulous curation. We then present the design layout and project estimate for your review and adjustment, marking the transition into phase two.

## PHASE TWO: PROCUREMENT & PROJECT MANAGEMENT

In phase two, we procure the carefully chosen materials, textiles, fixtures, and furnishings. Our dedicated team manages lead times, inspections, and assembly, providing regular updates on your project's financial and timeline aspects to ensure transparency.

## PHASE THREE: INSTALLATION

This is the exhilarating stage where design and furnishings come to life! The duration of the installation phase is contingent upon the project's size and scale. Once all construction is finished, the job site is pristine, and any remaining tasks are addressed, our team initiates the interior installation. We conclude by capturing images of the finished project, marking a moment to celebrate the successful completion and the enjoyment of your rejuvenated space.
